

# COMPASS Update

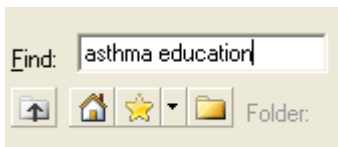

## Pedi Asthma COMPASS Changes Effective January 18, 2010!

### New “Pedi Asthma Education/Action Plan” or “Asthma Education/Action Pedi” Order to align with core measures:

- **Tasks Respiratory Therapists for specific education topics related to Children’s Asthma Care Core Measures:**
  - Use of Reliever
  - Use of Controllers
  - Method/Timing of Rescue Medications
  - Environmental and Trigger Control
  - Asthma Action Plan completed and given to caregiver
  
- **Alerts the ordering physician when a reliever or steroid is not ordered:**

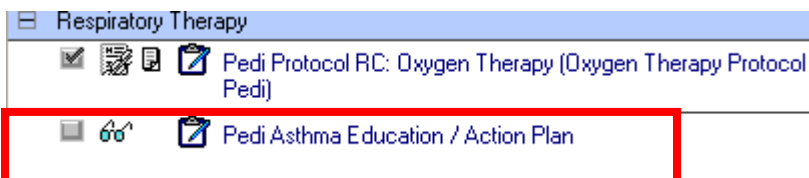

- **Available as a single order:**

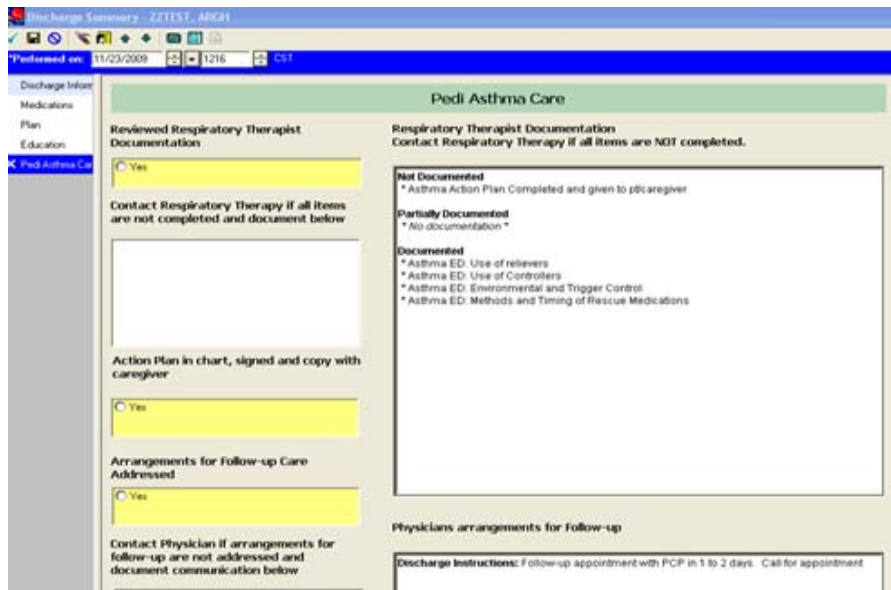

[Asthma Education / Action Pedi](#)

- **Included in the “Asthma Admission to Med/Surg Pediatric”:**

- Enhances Nursing Documentation to ensure core measures are met:

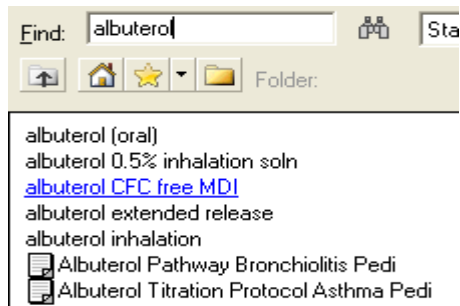

- Respiratory Therapy Core Measure documentation can also be viewed in Flowsheets under “Respiratory Care View”
