

## COMPASS Physician Training Schedule

**Who:** All physicians credentialed at Seton Medical Center Hays who have not already completed the Computerized Provider Order Entry (CPOE) training at Dell Children’s Medical Center or SMC Williamson

**What:** Two training tracks are available based on your previous computer and electronic health record experience, and if you are new to the Seton Family of Hospitals. Training time will vary between three and five hours.

- **Track 1** is designed for physicians with advanced computer and electronic health record experience, and for those with previous experience working within the Seton Family of Hospitals. Track 1 consists of one web-based training lesson, a specialty-specific practice lab, and a competency checklist
- **Track 2** is designed for physicians new to using the computer to document in an electronic health record, and for those new to the Seton Family of Hospitals. Track 2 consists of two instructor-led classroom sessions (Class A and Class B), a specialty-specific practice lab, and a competency checklist

**When:** September 14—October 3, 2009

**Where:** IS Training Room, located on the 1st floor at SMCH

**How:** To schedule training, please contact Dwight Stewart at 512-844-7534 or [tstewart@seton.org](mailto:tstewart@seton.org). Email or voicemail messages will receive a confirmation the next business day.

To ensure the proper number of instructors and computers, please schedule training at least one business day in advance. Please do not attend training while you are on-call.

### Which Training Track is Right for Me?

New to Seton?	New to COMPASS CPOE?	Education Track
Yes	No	Track 1
No	No	Track 1
Yes	Yes	Track 2
No	Yes	Track 2
