

## **COMPASS Physician and Mid-level Training Schedule**

**Who:** All physicians, residents, and mid-level practitioners routinely practicing at University Medical Center Brackenridge who 1.) Have not demonstrated competency on COMPASS Results Viewing assessment module (COMP-ASSESS) and 2.) Have not achieved at least 70% of Computerized Provider Order Entry (CPOE) at SMCH, SMCW, or SHL for two of the last six months.

**What:** Training will be structured to provide the proper amount of training based on your COMPASS knowledge and computer skills and your percent of CPOE use. Training time will vary between three and eight hours.

**Step 1:** Clinicians will take two assessment modules on Seton Learning Central **before March 7, 2011**

**Step 2:** Scores on assessment modules will be evaluated and clinicians will be enrolled in the necessary training modules in Seton Learning Central. This modules must be completed online prior to attendance at Instructor-Led training.

**Step 3:** Attend instructor led training to meet your learning needs. Classes will be offered for:

- **Results Viewing** for those who did not successfully complete COMP-ASSESS.
- **Introduction to CPOE and Message Center** for those who have not demonstrated use of CPOE for at least 70% of their order entry at SMCW or SMCH.
- **Introduction to FirstNet** for practitioners who work in the Emergency Department and have not met the 70% benchmark for use of CPOE at SMCH or SMCW.

**Step 4:** Synthesize what you have been taught: Customize views to your preferences, build your favorites' folders, practice using your specialty order sets, ask questions.

**When:** March 23 through April 25, 2011, Monday through Saturday

**Where:** Seton Administrative Offices, Dell Children's Medical Center, and the computer labs at the Clinical Education Center at Brackenridge.

**How:** To register for Instructor-Led training, please contact Cyndi Barbour via email at [cbarbour@seton.org](mailto:cbarbour@seton.org) or register for the classes that fit your schedule via the web link for COMPASS training [http://www.seton.net/clinical\\_education\\_classes\\_and\\_events/category/compass\\_training](http://www.seton.net/clinical_education_classes_and_events/category/compass_training).
