Seton Family of Hospitals

MEET THE NEWEST MEMBER
of the Seton Family of Hospitals

A member of the Seton Family of Hospitals

Dear Colleagues,

You've been hearing about it for months, and the time has come. The Seton Family of Hospitals is bringing our family to our Williamson County neighbors. In February, Seton Medical Center Williamson will open, and we couldn't be prouder to be a part of the community.

You have many choices in deciding where your patients go for hospital care. At SMCW, we hope to revolutionize the experience felt by not only the patients we serve, but also the physicians and staff who provide care.

SMCW will be the newest hospital in Williamson County, with the latest technology and equipment available. But what sets us apart for you and your patients is a deliberate approach to care focused on connecting physicians, clinical staff, patients and their families that only SMCW will provide. We want to make sure that you feel confident in recommending SMCW not only to your patients, but also to your own family.

We encourage you to visit our state-of-the-art facility and would be happy to meet with you in person to give you a personal tour or answer any questions you may have. For more than a century, Central Texans have turned to Seton for the highest quality care. We look forward to bringing this tradition of service to Williamson County physicians and residents.

Sincerely,

A handwritten signature in black ink that reads "Hugh Gilmore, MD". The signature is written in a cursive style with a large, stylized "G" for the first initial.

Hugh Gilmore, MD

201 Seton Parkway • Round Rock, Texas 78665 • www.seton.net/williamson

Our mission inspires us to care for and improve the health of those we serve with a special concern for the sick and the poor. We are called to Service of the Poor, Reverence, Integrity, Wisdom, Creativity and Dedication.

By 2020, almost one million more people will move into the Central Texas area. To serve this growing population, Seton continues to build upon its broad reach with new facilities and expanded services at existing medical centers and clinics. More than 100 years after being founded, the Seton Family of Hospitals remains committed to providing the highest quality care for everyone it serves.

Seton Williamson Medical Plaza I
Round Rock, Texas

Lillibridge Healthcare Services
Plano, Texas

Seton Medical Center Williamson will be a healthcare destination for patients and physicians alike. The medical office building, Seton Williamson Medical Plaza I, is conveniently located adjacent to the hospital with a connected walkway. Opening in April 2008, the Medical Office Building will have:

- More than 100,000 square feet
- Four floors
- Convenient parking
- Covered patient drop-off areas
- Ownership options
- Ambulatory Surgery Center

If you would like more information about the medical office building, please contact Cindy Wink of Lillibridge Healthcare Real Estate Trust at (800) 433-1005 toll free, (972) 381-4352 or cindy.wink@lillibridge.com.

Physician Credentialing Process

For current medical staff members of any site within the Seton Family, adding Seton Medical Center Williamson privileges is a simple process requiring this one-page "Additional Facility Request Form." **Prospective and new Seton Family medical staff members should begin the credentialing process as soon as possible.** New applicants should contact Amanda Hicks at (512) 324-1000, ext. 14621.

Get an early start – the process can take 10-12 weeks. Call today!
