

How do I get my own PACs account via the Internet?

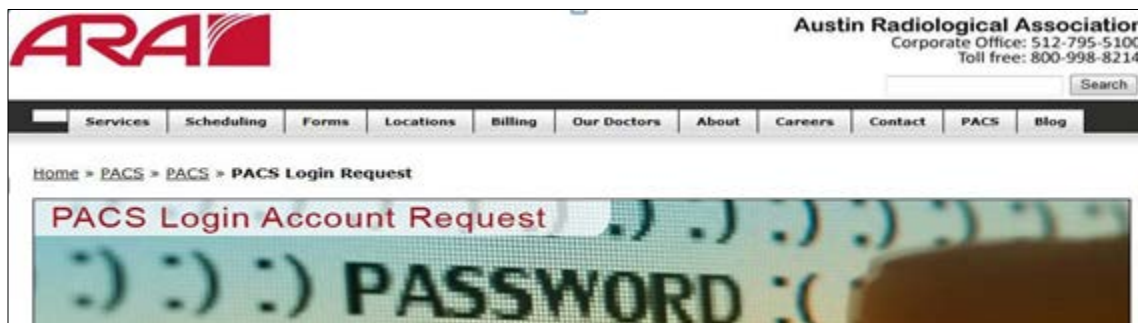

1. To verify account status, existing providers should call the PACS service desk at Ext. 48992
 - After 90 days of inactivity a password reset request will be required
 - After 180 days of inactivity accounts expire and an account request form will need to be submitted via the ARA Diagnostic Imaging website.
2. To request an account go to the website: <http://www.ausrad.com/>, click on **PACS**

3. Click on PACS Login Account Request

4. The Account Request page opens.

5. Scroll to the form section and fill in each field with the appropriate information. In the Physician Account Rep* field, please select "other".

ACCEPTANCE AGREEMENT

Selecting the "Disclaimer" checkbox on the login form signifies your agreement to the "Disclaimer" checkbox, you will be permitted to submit your username and password to Internet Explorer to login to the secure area.
